NEW PATIENT AGREEMENT

Thank you for trusting our office with your dental care. In order to maintain the high rapport and cooperation between the doctor and the patient necessary for a mutually satisfactory completion of the patient's dental care, we ask that you agree to the following:

I acknowledge that my appointment time is reserved specifically for me. I agree that if I can't make an appointment, I will call Dr. Lowery's office at least 24 hours in advance so they can fill that time with another patient's appointment. If I give Dr. Lowery's office less than 24 hours notice, I agree to pay a \$75 cancellation fee.

(In recognition of your effort to keep your appointments, Dr. Lowery and her staff agree to respect your time and will keep your appointment to the time scheduled.)

I understand that I am responsible to pay for services rendered, co-pays or non-covered benefits at the time of service. I understand that any outstanding balance due more than 60 days will incur finance charges at 1.39%. I am responsible for attorney's fees and costs of collection efforts if I do not pay my obligations for service to Teresa M. Lowery, DDS PC.

(Dr. Lowery and her staff agree to make every effort to verify insurance and benefits. We also guarantee that you will be presented with a treatment plan for you to agree to prior to doing any procedure other than routine.)

PRESCRIPTION DRUG MONITORING NOTIFICATION

By signing this form, you confirm that you have been notified that if you receive a prescription for a controlled substance (narcotic drug) from our office and fill that prescription at a pharmacy in Colorado, certain identifying prescription information, including the name of the patient, will be entered into a secure database maintained by Colorado's prescription drug monitoring program. State law requires pharmacies to report information about controlled substance prescriptions filled to the prescription drug monitoring database.

This database is used to help prevent inappropriate uses of controlled substances - like fraud and diversion. The prescription drug monitoring program database contains only records related to controlled substances (narcotic drugs like painkillers, muscle relaxants and steroids). It does not contain records about other prescription drugs like antibiotics, antidepressants or any other category of prescription medication.

Only authorized individuals, like healthcare personnel that prescribe controlled substances and law enforcement under very limited circumstances, can access the database and only for tightly defined uses. As long as you are using controlled drugs appropriately, there shouldn't be reason for concern. If you do not want your information in the database, please ask your dentist to prescribe non-narcotic drugs for you.

More information about Colorado's prescription drug monitoring program, including copies of individual prescription drug records stored in the database, can be obtained from the Colorado state Department of Regulatory Agencies by calling 303-894-5957 or by visiting <http://www.dora.state.co.us/pharmacy/pdmp/consumers.htm>.

I have read and understand this notification.
